Crystal Clear Microdermabrasion

This has fast become the most talked about facial as it offers a safe and controlled method of skin resurfacing by gently exfoliating the outer layers of skin.

This is an excellent and progressive treatment for ageing skin, lines & wrinkles, open pores, blackheads, pigmentation, blemish scars, acne scars, stretch marks and much, much more. Therefore maintaining regular treatments stimulates collagen and elastin formation, resulting in a firmer and more rejuvenated skin. The gentle vacuum action achieves an immediate lifting effect on tired muscles, just like a 'workout' for the face.
